

PRECISION GROUP OVERVIEW

Precision is a leading designer and manufacturer of injection-molded plastics and tooling

- Engineering Design
- Prototyping
- Custom CNC Machining
- Expert Mold Manufacturing
- Plastic Injection Molding
- Certified Class 8 Clean Room
- Turnkey Contract Manufacturing
- Light Assembly & Packaging

HQ CONTACT INFO

Precision Group
315 North Park Drive
San Antonio, Tx 78216

Domingo Auces

Vice President of Operations Molding & Tooling Division

dhauces@pmtool.com (210) 525-0094 x110

Precision Group
315 North Park Drive
San Antonio, Tx 78216

Mold Delivery & Pick Up Services:

Max Mold Weight 21,000 lbs

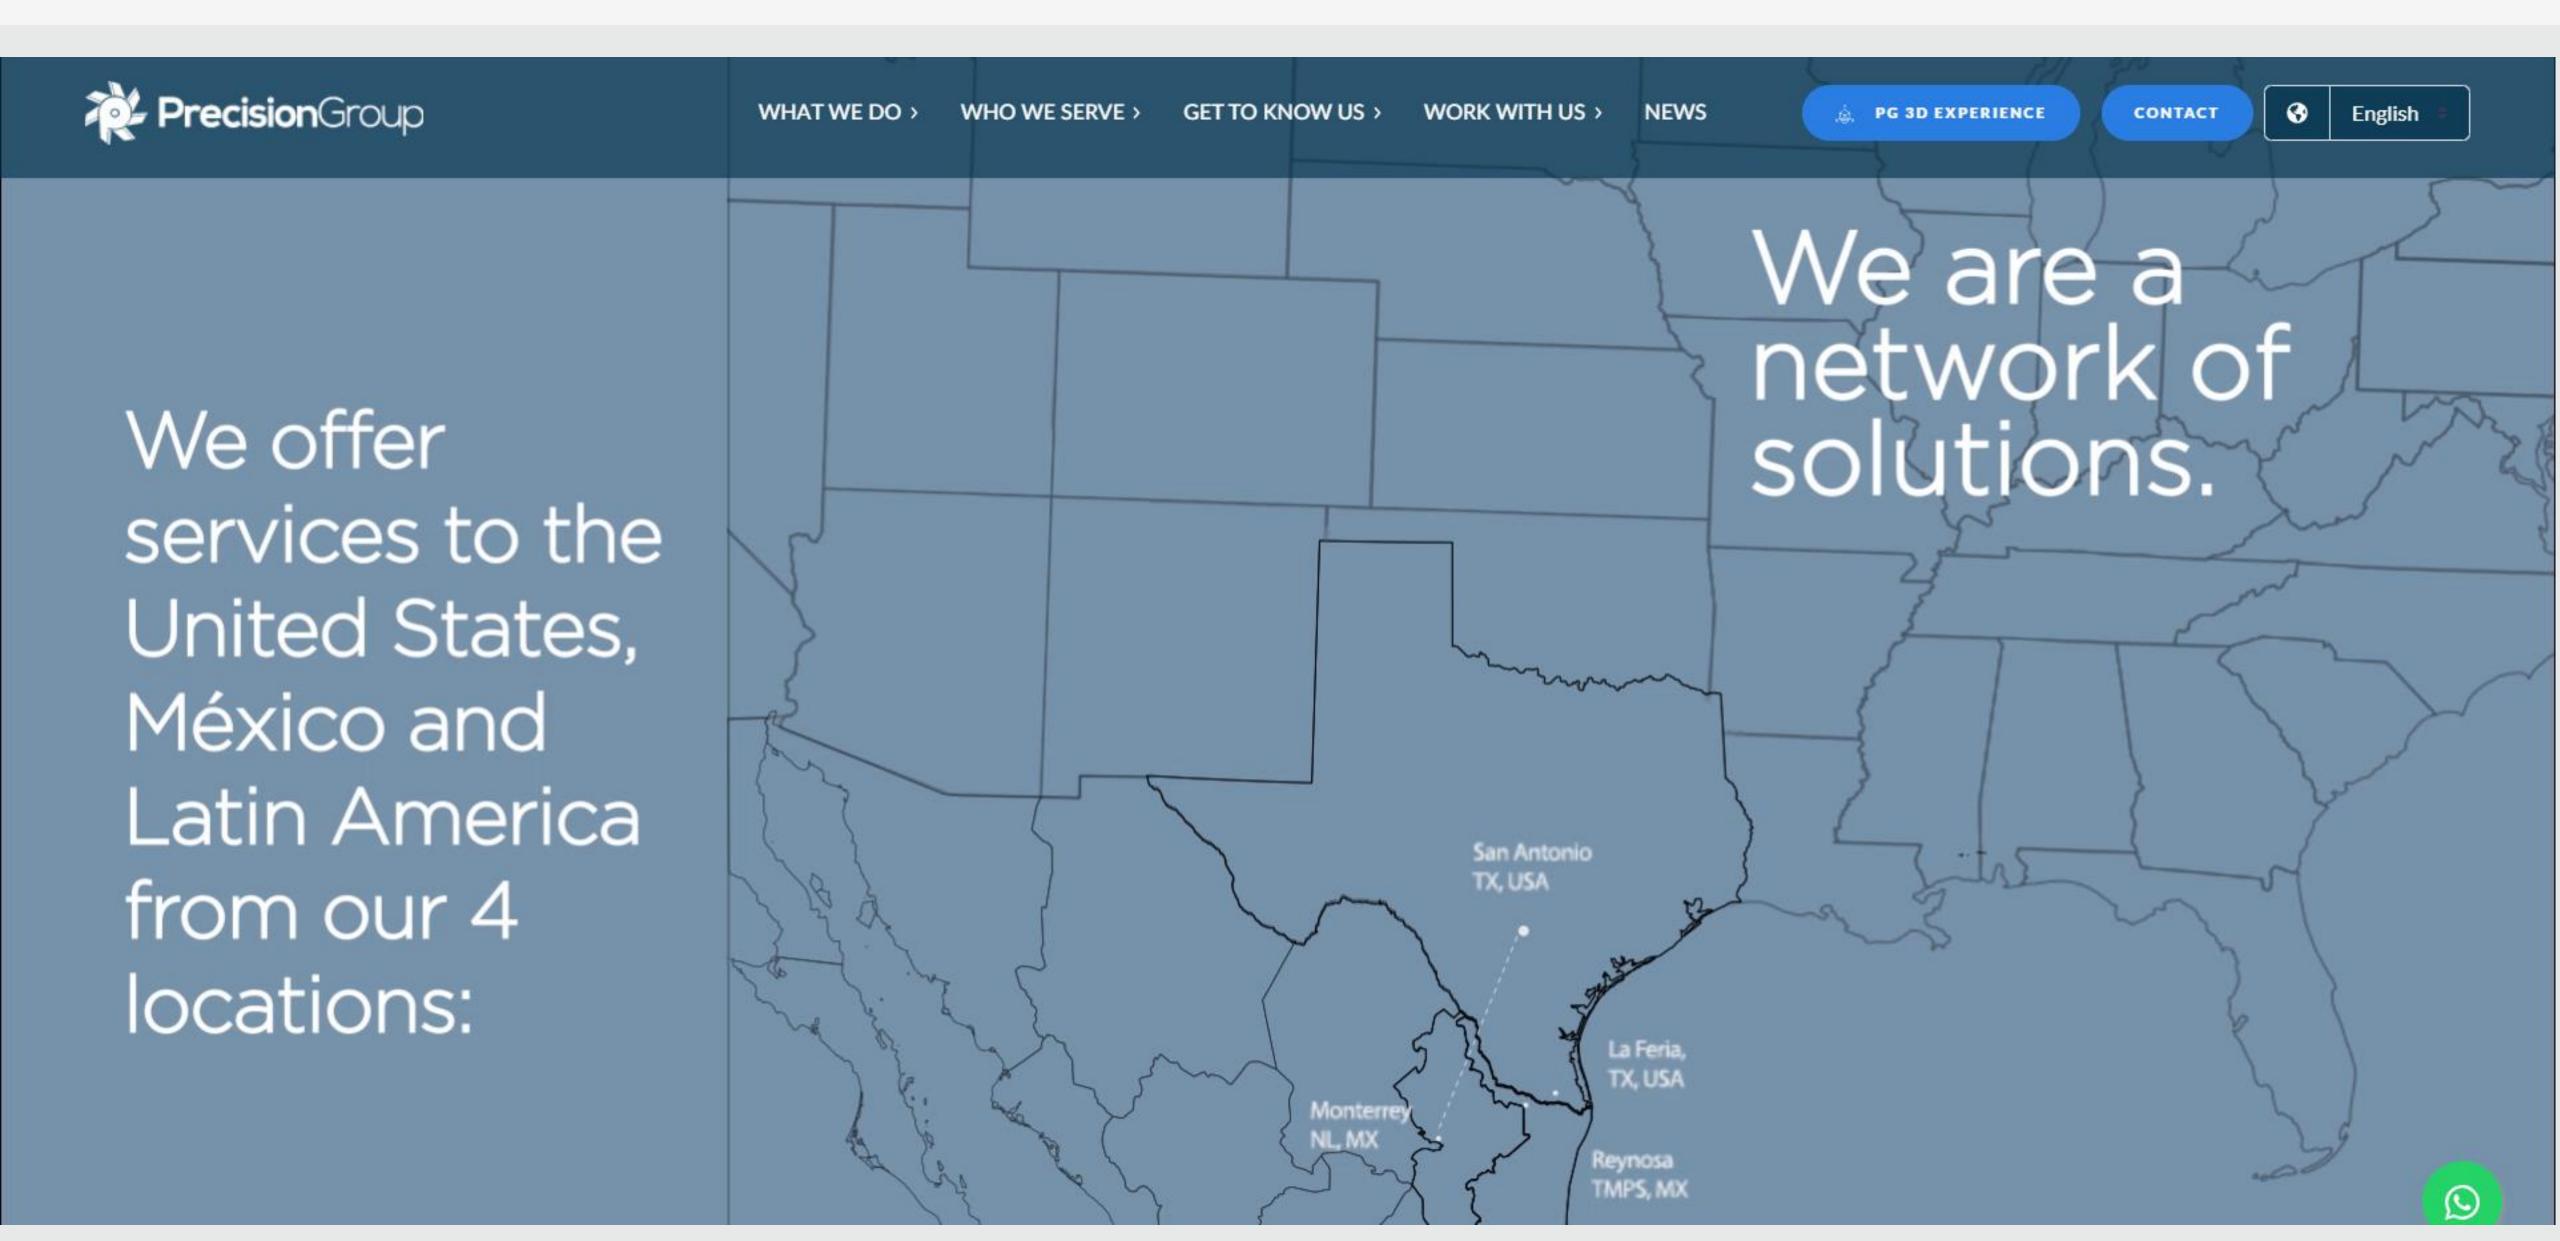

Trailer: 20 Foot Long
Gooseneck

Truck: Flat Bed Diesel

Insured & Bonded

LOCATIONS IN USA & MEXICO: PRECISION-GROUP.COM

PRECISION FACILITIES

- 22,000 sq. ft manufacturing facility
- Certified Clean Room Molding & Assembly Class 8
- 6 All Electric Cincinnati Milacron injection molding presses (50-610 tons)
- In-House Machining & Tool & Die Repair Services
- Mold Preventive Maintenance Programs
- 10 Ton Crane & Mold Flipper for handling large molds.
- Unigraphics CAD/CAM Engineering Support
- Makino 3 Axis High Speed CNC Milling
- YCM 5 Axis CNC Milling: Model TCV3000A-5AF
- Yougar YGS-43Z Small Hole Drilling Edm
- Mitsubishi MV2400R Wire Edm
- Mold Transportation up to 30,000 lbs.

PRECISION FACILITIES

La Feria, TX

- 10,000 sq ft manufacturing located ten minutes from Reynosa / Matamoros border
- Climate Controlled Facility.
- Approximately 16 employees.
- Complete tool room 10 mold makers.
- Unigraphics 3D Cad/Cam Engineering
- Mold Transportation

Reynosa, Mexico

- 12,000 sq. ft manufacturing in Reynosa, Tamaulipas, Mexico.
- Complete Tool & Die Repair Facility
- Approximately 10 Tool & Die Makers.
- 24 Hour Tooling Repair Support
- Engineering Modifications
- Onsite Repair Service Available
- Mold Transportation

CERTIFICATIONS

Certificate of Registration

Perry Johnson Registrars, Inc., has audited the Quality Management System of:

Precision-Group
315 North Park Drive, San Antonio, TX 78216 United States

(Hereinafter called the Organization) and hereby declares that Organization is in conformance with:

ISO 9001:2015

This Registration is in respect to the following scope:

Manufacture of Molded Plastic Components for Medical, Automotive, Electronic, and Consumer Devices

This Registration is granted subject to the system rules governing the Registration referred to above, and the Organization hereby covenants with the Assessment body duty to observe and comply with the said rules.

Terry Boboige, Preside

Perry Johnson Registrars, Inc. (PJR) 755 West Big Beaver Road, Suite 1340 Troy, Michigan 48084

The use of the UKAS accreditation symbol is in respect to the activities covered by the Accreditation Certificate Number 0105.

The validity of this certificate is dependent upon ongoing surveillance.

Effective Date: November 28, 2017 Expiration Date: November 27, 2020 Certificate No.: C2017-03230

PrecisionGroup

Expertly crafted solutions in mold design, manufacturing and repair.

- ✓ Engineering and specialized CAM/CAD design
- ✓ Engineering Changes and Reverse Engineering
- ✓ Plastic Injection Mold Manufacturing
- ✓ Prototyping
- ✓ Mold Repair and Complex Geometry Machining
- ✓ Laser Welding
- ✓ Plastic Injection Molding

SCIENCE & TECHNOLOGY INDUSTRY

The science & tech industry depends on speed, quality and reliable products.

Precision has the certifications, facility, equipment, and highly trained staff to meet those needs for science/tech clients looking for injection molded products and custom tool design.

MEDICAL INDUSTRY

The medical industry requires knowing the regulatory and validation landscape.

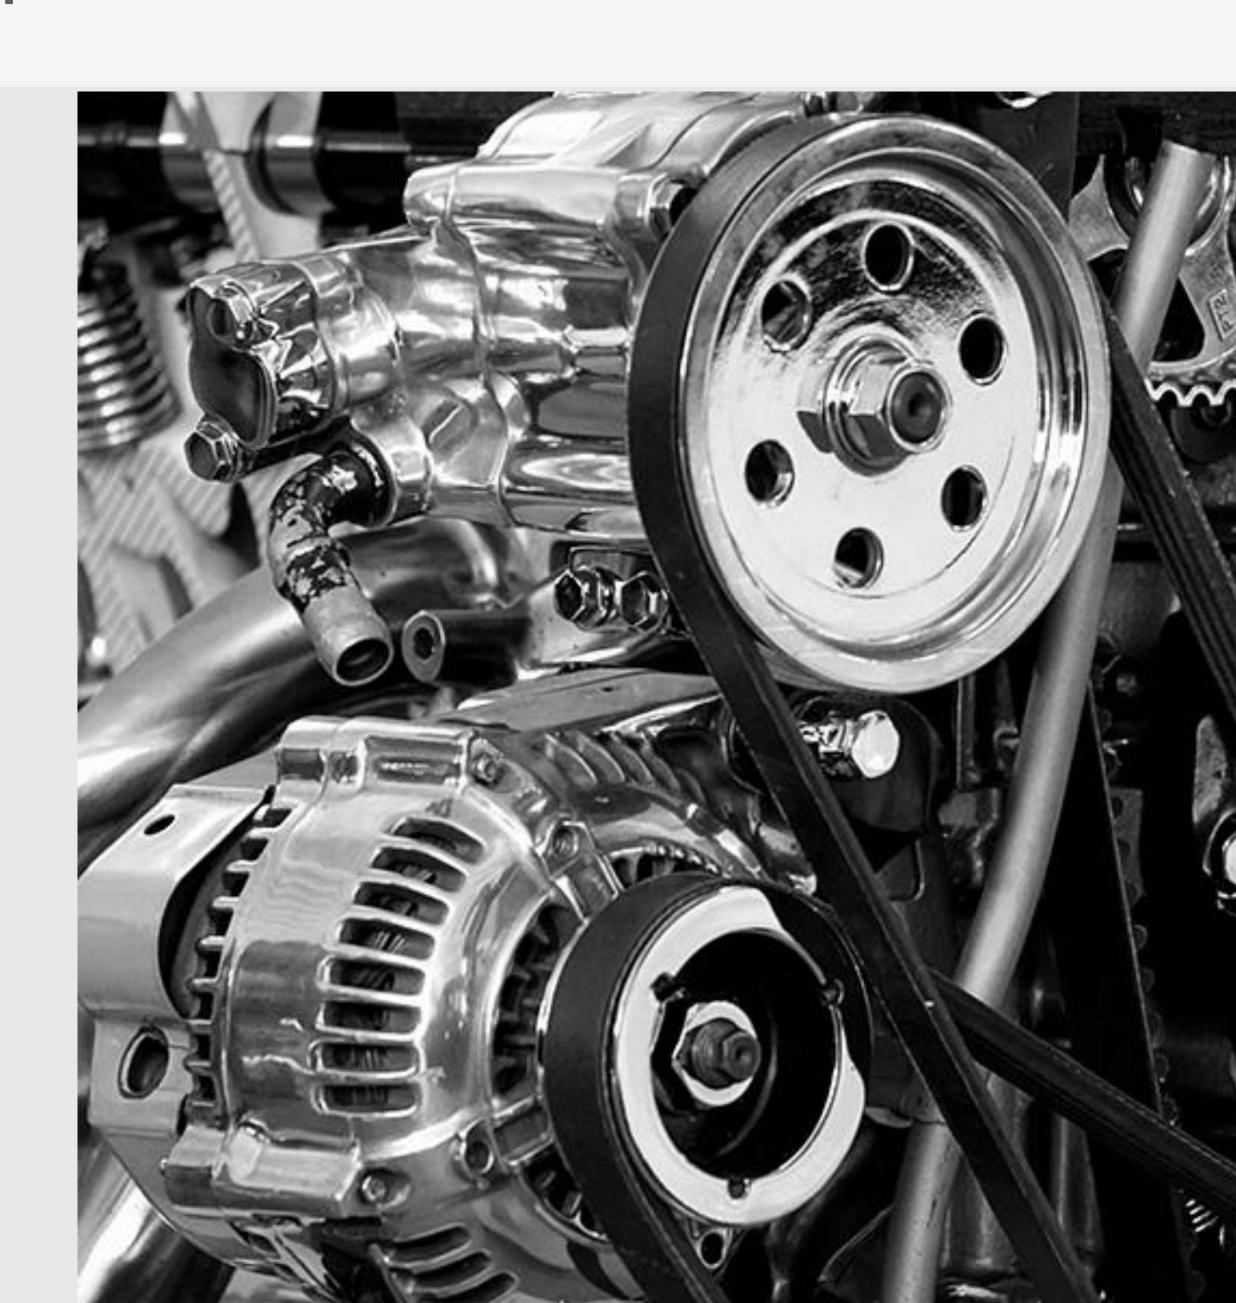

Precision is uniquely experienced in handling these processes and is certified to manufacture molded plastic components for medical devices. Using new innovations to augment strength & flexibility, Precision aims to increase capability, accuracy, and patient comfort.

AUTOMOTIVE INDUSTRY

The auto industry requires highquality, reliable, and safe products.

Industry leaders like GM & Toyota rely on Precision's innovative approach for support in design, development, prototyping, and rapid manufacturing of plastic, metal parts, and tools.

OIL & GAS INDUSTRY

The oil & gas industry expects quick turnaround and superior performance.

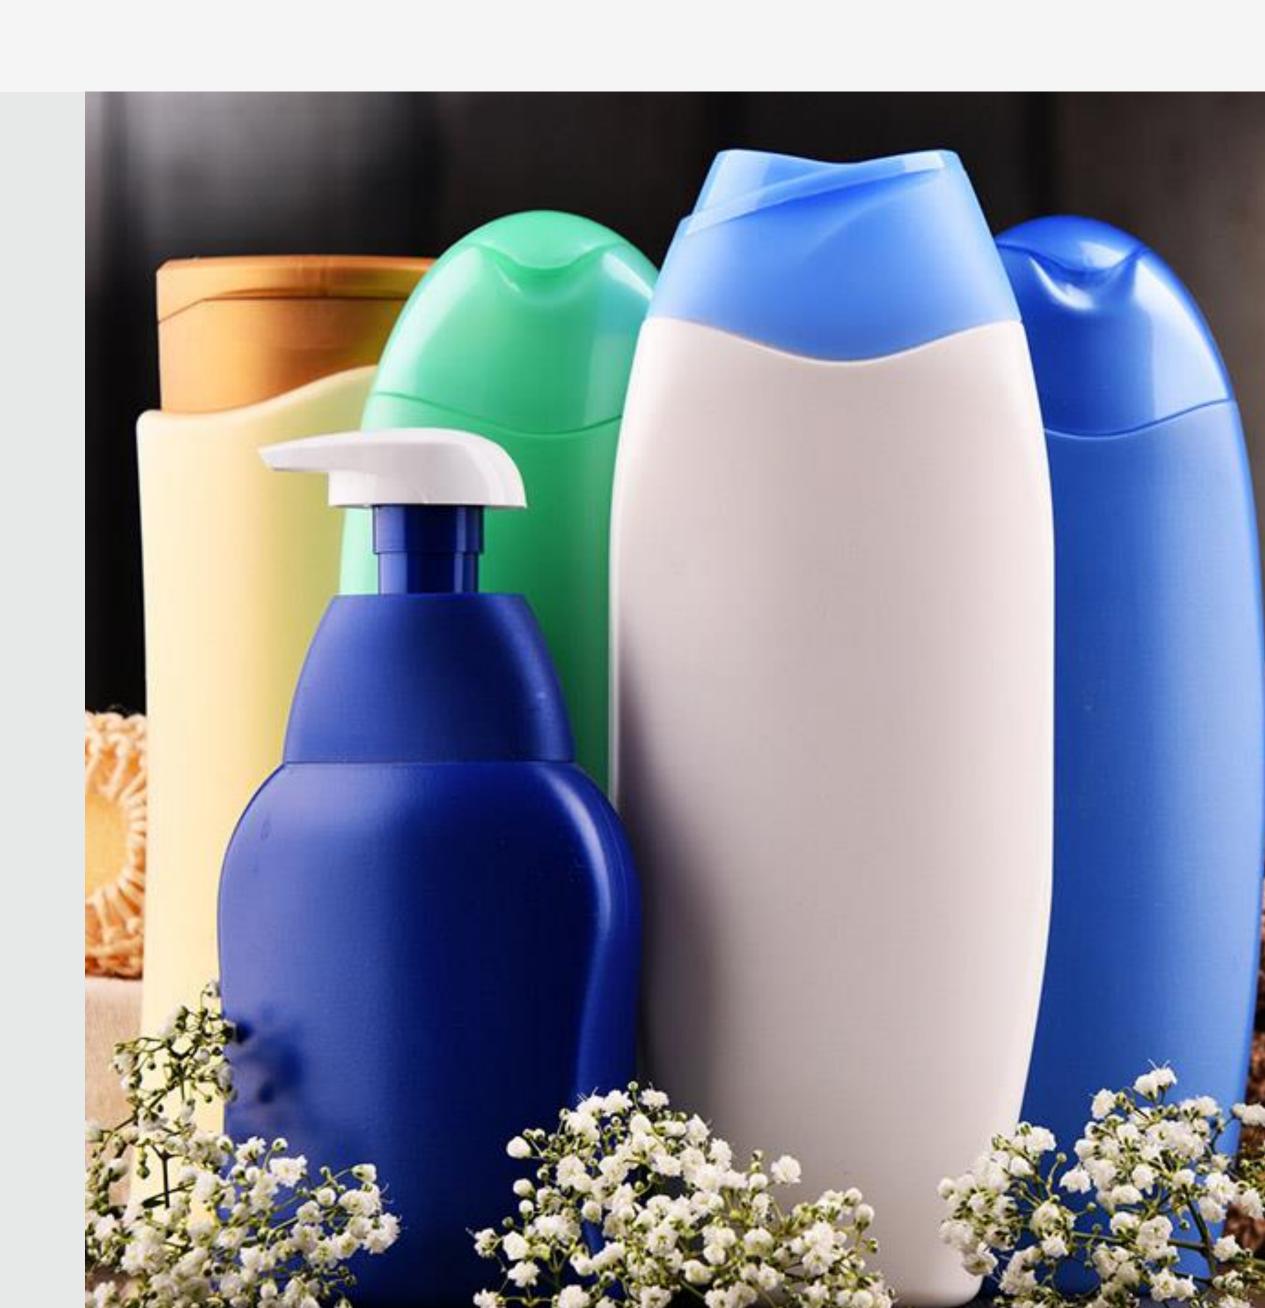

Precision produces injection molded parts and custom tool design for industry leaders like Baker Hughes, who relies on high quality and safe products delivered promptly for men and women working in the oil fields.

CONSUMER INDUSTRY

Consumers trust that the products they purchase are reliable and safe.

Precision serves manufacturers of consumer hardware for home appliances & offices, ensuring their products meet those high standards.

ELECTRONICS INDUSTRY

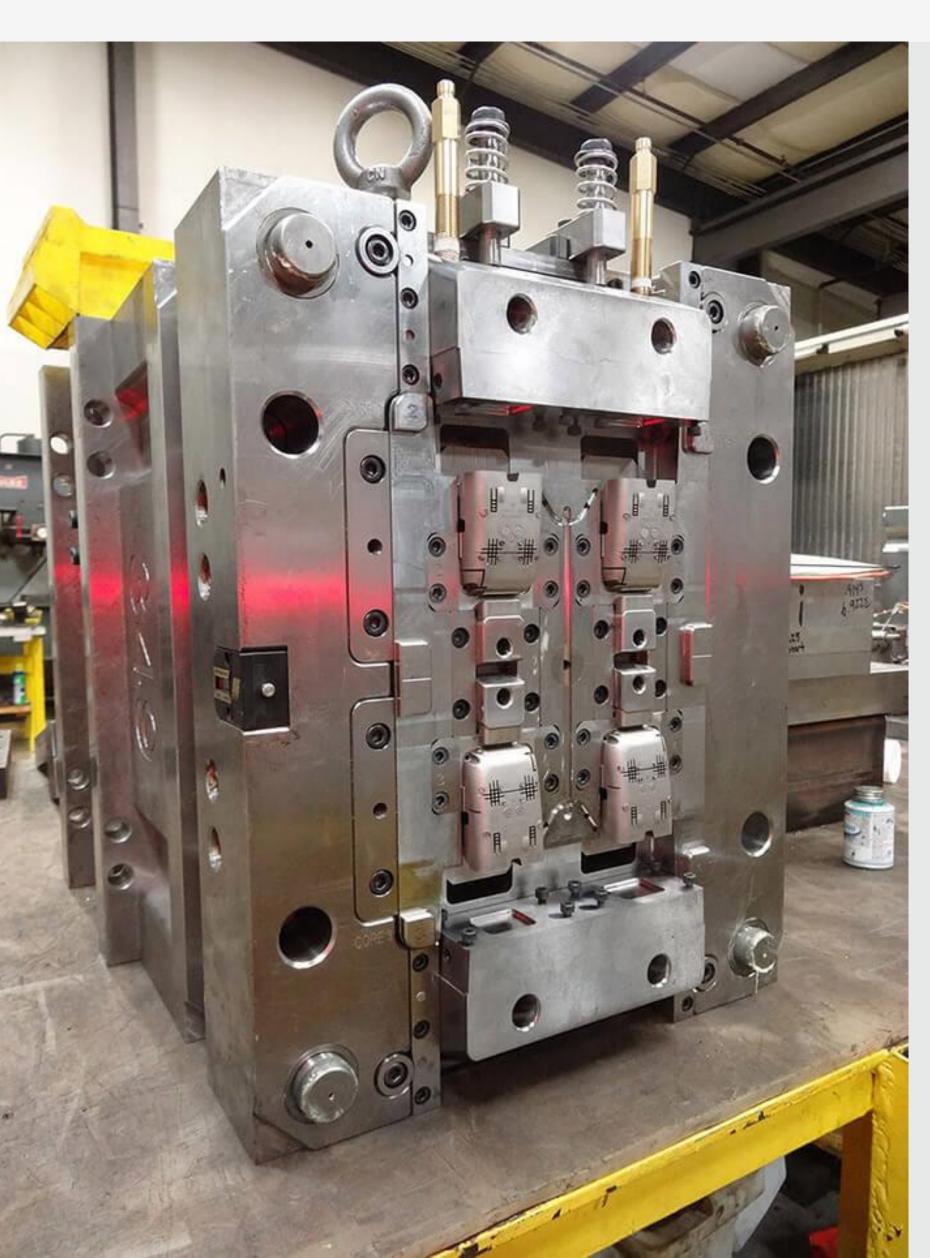

The electronics industry creates critical infrastructure components that enable the communications that we often take for granted.

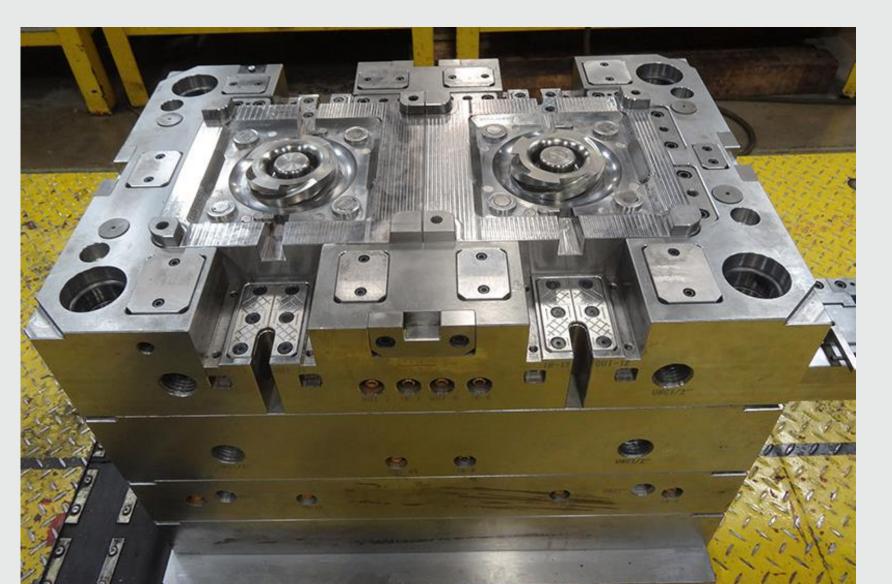

Precision provides injection molded plastic/metal products and custom tool design for manufacturers of fiber optic and communication device hardware underlying the networks we use daily.
